RULED OUT OF ORDER

## HOUSE MOTION \_\_\_\_\_

MR. SPEAKER:

I move that House Bill 1063 be amended to read as follows:

- 1 Page 4, line 36, after "a" insert "**manufacturing, wholesale, or**".
- 2 Page 4, line 39, delete "retail".
- 3 Page 4, line 39, delete "or".
- 4 Page 4, line 40, delete "." and insert "**; or**".
- 5 Page 4, between lines 40 and 41, begin a new line block indented
- 6 and insert:
- 7 "**(3) the design, construction, ordering, or sale of:**
- 8 **(A) recreational vehicles;**
- 9 **(B) manufactured homes certified through the United**
- 10 **States Department of Housing and Urban Development; or**
- 11 **(C) industrialized building systems certified through the**
- 12 **department of homeland security."**
- 13 Page 5, delete lines 10 through 24, begin a new paragraph and insert:
- 14 "**Sec. 4. (a) "Interior design" means client consultation and**
- 15 **preparation and administration of design documents relating to**
- 16 **nonstructural and nonseismic interior elements of a building or**
- 17 **structure. The scope of work provided by interior designers may**
- 18 **include the following:**
- 19 **(1) Programming, the interview and analysis phase that**
- 20 **develops the needs of clients.**
- 21 **(2) Space planning, the initial layout of an interior space.**
- 22 **(3) Demolition plans of nonstructural interior items as related**
- 23 **to the project space.**
- 24 **(4) Reflected ceiling plans.**
- 25 **(5) Electrical and data outlet locations on construction plans.**

**(6) Casework:**

- (A) plans;**
- (B) elevations; and**
- (C) sections.**

**(7) Interior:**

- (A) equipment; and**
- (B) fixture;**
- location plans.**

**(8) Ergonomic evaluation of:**

- (A) environment; and**
- (B) furniture.**

**(9) Furniture:**

- (A) specifications; and**
- (B) location plans.**

**(10) Artwork, signage, and plant specifications and location plans.**

**(11) Contracting with consultants for:**

- (A) mechanical;**
- (B) plumbing;**
- (C) electrical;**
- (D) structural; and**
- (E) architectural;**

**services.**

**(12) Construction:**

- (A) administration; and**
- (B) observation;**

**as they apply to the project scope of work.**

**(b) Drawing, plans, specifications, and reports under this definition may include the following:**

**(1) Detailed dimensioned floor plans drawn to scale for all floors showing the following items:**

- (A) Wall configuration and fire rating.**
- (B) Exitways.**
- (C) Doors.**
- (D) Windows.**
- (E) Location of plumbing fixtures.**
- (F) Chairlifts.**
- (G) Elevators.**
- (H) Room designation.**

**(2) Fire and life safety plans, including those provided by contracted professionals. Fire and life safety plans must show graphically or by legend the location and rating of building elements, such as the following:**

- (A) Area separation walls.**
- (B) Occupancy separation walls.**
- (C) Smoke barriers.**

- 1                   **(D) Fire-rated corridor walls.**
- 2                   **(E) Stair enclosures.**
- 3                   **(F) Shaft enclosures.**
- 4                   **(G) Horizontal exits.**
- 5                   **(3) Sections and details of interior walls showing dimensions**
- 6                   **and materials.**
- 7                   **(4) Details indicating how required structural and**
- 8                   **fire-resistive integrity will be maintained where wall, floor,**
- 9                   **and ceiling penetrations will be made for the location of:**
- 10                  **(A) electrical;**
- 11                  **(B) mechanical;**
- 12                  **(C) plumbing;**
- 13                  **(D) communications conduit;**
- 14                  **(E) pipes; and**
- 15                  **(F) similar;**
- 16                  **systems.**
- 17                  **(5) Room finish schedules showing finishes for walls, ceilings,**
- 18                  **and floors in the following:**
- 19                  **(A) All rooms.**
- 20                  **(B) Stairways.**
- 21                  **(C) Corridors.**
- 22                  **(6) Door schedules that show:**
- 23                  **(A) material;**
- 24                  **(B) size;**
- 25                  **(C) thickness; and**
- 26                  **(D) fire resistance rating;**
- 27                  **for all doors, frames, and hardware.**
- 28                  **(7) Accessibility details that include the following:**
- 29                  **(A) Interior ramps with slopes.**
- 30                  **(B) Dimensioned restroom plans and clearances.**
- 31                  **(C) Grab bars.**
- 32                  **(D) Door swing and size.**
- 33                  **(E) Special seating accommodations.**
- 34                  **(c) For purposes of this definition, drawings, plans,**
- 35                  **specifications, and reports for the following may be included in the**
- 36                  **set of drawings as submitted for design release if stamped by the**
- 37                  **appropriate professional as otherwise provided in this title:**
- 38                   **(1) A site plan drawn to scale, showing the dimensioned**
- 39                   **location of building property lines and all buildings adjacent**
- 40                   **to the property, as well as the width of streets or easements**
- 41                   **bordering the property.**
- 42                   **(2) Foundation and basement plans.**
- 43                   **(3) Wall elevations of all exterior walls.**
- 44                   **(4) Sections and details of exterior walls and roof showing the**
- 45                   **following:**
- 46                   **(A) Dimensions.**

- 1           **(B) Materials.**
- 2           **(C) Heat transfer ratings.**
- 3       **(5) Structural plans and elevations showing:**
- 4           **(A) the size and location of all members;**
- 5           **(B) truss designs showing all connection details; and**
- 6           **(C) all stress calculations, if specifically requested.**
- 7       **(6) Electrical plans showing the following:**
- 8           **(A) Electrical distribution system.**
- 9           **(B) Service equipment.**
- 10          **(C) Grounding methods.**
- 11          **(D) Emergency and standby power systems.**
- 12          **(E) Any power or lighting information required for**
- 13          **compliance with the Indiana Energy Conservation Code**
- 14          **under 675 IAC 19.**
- 15       **(7) Plumbing plans showing the following:**
- 16           **(A) Risers.**
- 17           **(B) Drains.**
- 18           **(C) Piping isometrics.**
- 19       **(8) Mechanical plans showing the following:**
- 20           **(A) Location and size of ductwork.**
- 21           **(B) Equipment.**
- 22           **(C) Fire dampers.**
- 23           **(D) Smoke dampers.**
- 24           **(E) Equipment schedules showing capacity.**
- 25       **(9) Energy conservation details, including the following:**
- 26           **(A) Design criteria.**
- 27           **(B) Exterior envelope component materials.**
- 28           **(C) U values of the envelope system.**
- 29           **(D) R values of the insulating materials.**
- 30           **(E) Size and type of equipment.**
- 31           **(F) Systems controls.**
- 32       **(10) Plans for automatic fire extinguishing systems showing**
- 33       **the following:**
- 34           **(A) Automatic sprinkler piping size and spacing.**
- 35           **(B) Standpipes.**
- 36           **(C) Fire pumps.**
- 37           **(D) Water supply data.**
- 38           **(E) Rating of sprinkler heads.**
- 39           **(F) Other specific requirements contained in NFPA**
- 40           **Standards 11, 12, 13, 13R, 14, 20, and 2001 as adopted in**
- 41           **675 IAC 13.**
- 42       **(11) Plans for fire protection and alarms systems showing the**
- 43       **following:**
- 44           **(A) The location and type of detection activation devices,**
- 45           **whether automatic or manual.**
- 46           **(B) Control panels.**

- 1 (C) Annunciator panels and zones.
- 2 (D) Water flow devices.
- 3 (E) Other specific requirements contained in NFPA
- 4 Standard 72 as adopted in 675 IAC 22.
- 5 (12) Plans for public swimming pools showing the following:
- 6 (A) Area and volume.
- 7 (B) Enclosure for the pool area.
- 8 (C) Turnover rate.
- 9 (D) Filtration and circulation system.
- 10 (E) Swimmer load.
- 11 (F) Materials.
- 12 (G) Shape and depth of pool.
- 13 (H) Deck design.
- 14 (I) Ladders.
- 15 (J) Steps.
- 16 (K) Drainage system.
- 17 (L) Water supply system.
- 18 (M) Electrical system."
- 19 Page 6, line 4, delete "a".
- 20 Page 6, line 4, delete "design that" and insert "**location plans for**
- 21 **items that are visible in the ceiling, including but not limited to the**
- 22 **following:**
- 23 (1) Ceiling materials.
- 24 (2) Bulkheads.
- 25 (3) Light fixtures.
- 26 (4) Speakers.
- 27 (5) Exit signs as required by code."
- 28 Page 6, delete lines 5 through 6.
- 29 Page 6, delete lines 11 through 13.
- 30 Page 8, line 26, after "permit," insert "**design release, or other**
- 31 **approval necessary for the project,**".
- 32 Page 11, between lines 12 and 13, begin a new paragraph and insert:
- 33 "**Sec. 1. A person may practice interior design if the person has**
- 34 **not been registered with the secretary of state under this article if**
- 35 **the person does not use a title, designation sign, card, or device**
- 36 **under section 2(a) of this chapter.**".
- 37 Page 11, line 13, delete "1." and insert "**2.**".
- 38 Page 11, line 30, delete "2." and insert "**3.**".

- 1 Page 11, line 32, delete "1(b)" and insert "**2(b)**".
  - 2 Page 11, line 33, delete "3." and insert "**4.**"
  - 3 Page 11, line 35, delete "1(a)" and insert "**2(a)**".
  - 4 Page 11, line 36, delete "4." and insert "**5.**".
- (Reference is to HB 1063 as printed January 20, 2006.)
